

Uwe Stein, Naturopath from Varel, Germany

Deviner

Today his main focus is lying more on geomancy. Working with this technique has led him to the conviction that there are more things shaping our world, beyond a philosophy of Descartes and Newton's logic; that things do exist which are reflecting a different reality.

Traditional healer

During his studies of natural medicine he intensively worked with Physioacupuncture Therapy, followed by dream work and therapy by means of conversation according to the School of Heidelberg and Family-Systems Therapy according to Hellinger.

Baubiologist IBN

Intensive and effective training to become a baubiologist IBN.

At the time being he mainly focuses on the work with Chakras and Energy Bodies.
