

Data protection

The operators of these pages take the protection of your personal data very seriously. We treat your personal data confidentially and in accordance with the statutory data protection regulations and this data protection declaration.

The use of our website is generally possible without providing personal data. Personal data is only collected on these websites to the extent technically necessary, namely in the server log files at our provider. Personal data is not necessary for the simple use of our offer. Under no circumstances will the data collected be sold or passed on to third parties for any other reason.

The following declaration gives you an overview of how we guarantee this protection and what kind of data is collected for what purpose.

Data processing on these web pages

Our provider, where our website is hosted, automatically collects and stores information in the server log files that your browser transmits to the server.

These are:

- Browser type/ -version
- Operating system
- Referrer URL
- Host name of the accessing computer
- Time of server request

This data cannot be allocated to individual persons by us, will not be associated with other data sources.

Cookies

Cookies are basically used to make websites more user-friendly, effective and secure.

Cookies are small text files that are stored on your computer and saved by your browser. Cookies are used in particular by web shops or also in online banking. Cookies do not cause any damage to your computer and do not contain any viruses.

So-called session cookies are used in a few places on our websites. They are automatically deleted at the end of your visit. Other cookies, which are stored on your terminal device until you delete them, for example, make it possible to recognize your browser the next time you visit. Such cookies are not used on these web pages.

Address data

SSL encoding

This site uses SSL encryption for security reasons and to protect the transmission of confidential content, such as requests you send to us as a site operator.

You can recognize an encrypted connection by the fact that the address line of the browser changes from "http://" to "https://" and by the lock symbol in your browser line.

If SSL encryption is activated, the data that you transmit to our provider's server cannot be read by third parties.

Right to Information, Deletion, Blocking

You have the right to free information about your stored personal data, its origin and recipient and the purpose of data processing at any time.

You have the right to correct, block or delete this data. You can contact us at any time at the address given in the imprint if you have any further questions on the subject of personal data.
